Fourth Arm of Defense Feb 03 2020 This publication is the eighth in the series The U.S. Navy and the Vietnam War. The publication focuses on the sealift and logistic operations during the war and includes a number of photographs as well as sidebars detailing specific people and ships involved in the logistic operations. This historical pictorial reference would be of interest to students, historians, members of the military, specifically the Navy, and military leaders, veterans, Vietnam War veterans, and the U.S. merchant marines.

Data Modeling and Database Design Mar 06 2020 DATA MODELING AND DATABASE DESIGN presents a conceptually complete coverage of indispensable topics that each MIS student should learn if that student takes only one database course. Database design and data modeling encompass the minimal set of topics addressing the core competency of knowledge students should acquire in the database area. The text, rich examples, and figures work together to cover material with a depth and precision that is not available in more introductory database books. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

International Directory of Company Histories Aug 11 2020 Multi-volume major reference work bringing together histories of companies that are a leading influence in a particular industry or geographic location. For students, job candidates, business executives, historians and investors.

New Zealand's Vietnam War Jun 08 2020 This landmark publication provides a comprehensive and authoritative account of New Zealand's involvement in the Vietnam War, and will remain the standard reference work on the subject for decades. Its publication completes the programme of official war histories that began in 1945. Ian McGibbon's primary focus is what New Zealand did in South Vietnam. He traces in detail the operations carried out by New Zealand forces and seeks to illuminate the experience of New Zealand soldiers fighting in a guerrilla war. The command structure, logistic support and operational context of fighting within a primarily Australian framework are all covered. He addresses controversial aspects such as friendly fire incidents, atrocity allegations and veterans' grievances, including over Agent Orange. Maori participation in V Force was substantial and its impact is assessed. Although the book is inevitably weighted towards the military, the efforts of civilians in South Vietnam are also covered in depth. The surgical team operated from 1963 until their evacuation from Qui Nhon just days before North Vietnamese columns entered the city. Not forgotten are the efforts of courageous civilians like Sister Mary Laurence and of Red Cross volunteers to alleviate misery among refugees. The book also describes the dramatic end of New Zealand's involvement in South Vietnam – with the surgical team and the New Zealand Embassy evacuated by RNZAF Bristol Freighters just before the communist victory. Finally, McGibbon surveys the war's troubled aftermath, culminating in the Prime Minister's apology to veterans in 2008.

When He's An Alpha Jan 04 2020 The golden rule of shallow flings is not to get attached, right? Well, Havana Ramos broke it. Big time. There's just something about Tate Devereaux that pulls at her. Assertive, compelling, and self-assured, the Alpha cat shifter pushes every one of her best buttons. Like really, really hard. Having overheard an enlightening conversation, she knows he won't give her more than a fling-something, to be fair, he'd told her well in advance. If she doesn't want her heart to get bruised, it's time to end what little they have. It's not like he'll care or anything. Except ... it turns out that he does. Newly-appointed Alpha Tate Devereaux is never bothered when women walk away. He can't exactly blame them, given his distrustful cat's habit of withdrawing from relationships. But when lone shifter Havana ends their fling, everything within Tate rebels against it-including his cat. Even as she and Tate work together to crush the threat looming over her, Havana holds him at arms' length. But if she thinks she can end their fling with no real explanation and that he'll just tip his hat and walk away, she's forgotten one very important thing-there's nothing easy about shaking off an Alpha.

Polite Protest Dec 03 2019 This history of the black community of Indianapolis in the 20th century focuses on methods of political action -- protracted negotiations, interracial coalitions, petition, and legal challenge -- employed to secure their civil rights. These methods of "polite protest" set Indianapolis apart from many Northern cities. Richard B. Pierce looks at how the black community worked to alter the political and social culture of Indianapolis. As local leaders became concerned with the city's image, black leaders found it possible to achieve gains by working with whites inside the existing power structure, while continuing to press for further reform and advancement. Pierce describes how Indianapolis differed from its Northern cousins such as Milwaukee, Chicago, and Detroit. Here, the city's people, black and white, created their own patterns and platforms of racial relations in the public and cultural spheres.

A Grammar of Jahai Apr 06 2020 This book is a linguistic study of Jahai, a language belonging to the Northern Aslian subgroup of the Aslian branch of the Mon-Khmer language family. The language is spoken by groups of foragers in the mountain rainforests of northern Peninsular Malaysia and southernmost Thailand, its total number of speakers estimated at around 1,000. This study describes the grammar of Jahai, including its phonology, processes of word formation, word classes, and syntax. It also includes a word-list. While primarily aimed at linguistic description, the study makes use of suitable theoretical models for the analysis of linguistic features. In particular, models of Prosodic and Template Morphology are employed to describe the language's intricate processes of affixation. Typological comparisons are made at times, especially with other Aslian languages. The study is intended to expand our knowledge of the understudied Aslian languages. It is also intended to contribute to Mon-Khmer and Southeast Asian language studies in general, and, hopefully, also to a wider linguistic context. Furthermore, it may serve as a practical source of linguistic information for researchers and others working among the Northern Aslian speech communities.
