The book is divided into six parts. Part I (The Legal System and Crime) introduces the U.S. legal system and the classification of crime. Part II (White Collar Crime) covers cybercrime, crime the old fashioned way, and healthcare fraud. Part III (Homicide) deals with simple murder, serial murder, mass and spree murder; and assassination. Part IV (Special Groups) covers the mafia; the family; the medical, legal, and teaching professions; the religion profession; celebrities; and stupid criminals. Part V (On the Edge) deals with topics I consider to be a bit strange; that is, quackery, innovative defenses, and dangerous cults. And finally, Part VI (Residue) discusses what is left ... capital punishment and crimes against humanity, including terrorism. Throughout the book, to illustrate points, I have used over 300 cases of actual crimes. The names of the people and the facts of the cases used in the discussions of these crimes are taken directly from referenced news reports. The subtitle, Computer Viruses to Twin Towers, reflects the scope of the book; that is, from computer viruses, which cause only aggravation or loss of money, to the deadly terrorist attacks on the Twin Towers of the World Trade Center and the Pentagon on September 11, 2001 that snuffed out almost 3000 lives.

Fifty-eight percent of them will be involved in a car

accident within a year of getting their license, and a significant portion of these crashes will be fatal. But here's the good news: research has shown that car crashes can be reduced by up to 30 percent when you, the parent, are actively involved in your teen's instruction and set certain limits. In *Crashproof Your Kids*, certified driving instructor and dad Timothy Smith has combined the collective wisdom of numerous experts to develop the *Crashproof Plan*: a series of behind-the-wheel exercises designed to improve your teen's driving awareness, behavior, and skill in a way that fits your schedule. Written in a highly accessible, informal, and often humorous style, this comprehensive plan begins where drivers' education programs end, and includes:

- A step-by-step plan to develop your teen's braking, car control, and defensive driving skills
- How to handle road emergencies and basic car maintenance
- Tips on helping your teen deal with dangerous distractions, including peer pressure and the use of alcohol and drugs
- The *Crashproof Contract*, which outlines the expectations, responsibilities, and rules of the road for both the teen and the parent

You'll get plenty of help on how to communicate vital driving concepts to your teen, and you'll laugh, learn, and sympathize with stories from parents who have already been there. *Crashproof Your Kids* is an essential resource for any parents wanting to help their teenagers successfully navigate the single most dangerous activity they'll ever undertake.
