Introduction to International and Global Studies, Third Edition May 28 2022 "This innovative introduction to international and global studies, updated and revised in a new edition, offers instructors in the social sciences and humanities a core textbook for teaching undergraduates in this rapidly growing field. Encompassing the latest scholarship in what is a markedly interdisciplinary endeavor, Shawn Smallman and Kimberley Brown introduce key concepts, themes, and issues and then examine each in lively chapters on essential topics that include the history of globalization; economic, political, and cultural globalization; security, energy, and development; health; agriculture and food; and the environment. Within these topics, the authors explore such timely and pressing subjects as commodity chains, labor (including present-day

slavery), human rights, multinational corporations, and the connections among them"--

Introduction to International Political Economy Apr 26 2022 In a revolutionary revision of this best-selling text, David Balaam and Bradford Dillman show how the postwar world order is at once under threat and yet resilient. This classic text surveys the theories, institutions, and relationships that characterize IPE and highlights them in the context of a diverse range of regional and transnational issues. Introduction to International Political Economy positions students to critically evaluate the global economy and to appreciate the personal impact of political, economic, and social forces. New to the Seventh Edition Streamlined yet comprehensive coverage--reducing the text from 20 to 17 chapters, condensing it by 100 pages. There is also one unified chapter on global finance and a single chapter on energy and the environment. A new chapter on Constructivism shows sociological and ideational forces at work. A new chapter on Global Production encompasses transnational corporations and labor. A new chapter on Global Health incorporates food and refugee issues. Substantial revisions to 10 chapters, including new material on Brexit, the EU debt and refugee crises, populist-nationalist movements, inequality, trade conflicts and negotiations, cyber weapons, the rise of China, Middle East conflicts, and international responses to climate change. Significant focus throughout on President Trump's impact on U.S. foreign policy, international order, and global security. Extensive new graphs and tables of data, plus 27 fascinating new text boxes throughout. An author-written Instructor's Manual and Test Bank are provided along with additional online resources.

An Introduction to Global Studies Jun 16 2021 Taking an interdisciplinary approach, An Introduction to Global Studies presents readers with a solid introduction to the complex, interconnected forces and issues confronting today's globalized world. Introduces readers to major theories, key terms, concepts, and notable theorists Equips readers with the basic knowledge and conceptual tools necessary for thinking critically about the complex issues facing the global community Includes a variety of supplemental features to facilitate learning and enhance readers' understanding of the material

Introduction to Global Studies Sep 07 2020 Can you be a citizen of the world? How important is religion today? Why is peace more challenging to achieve than war? How has Covid-19 worsened global inequality? This second edition of Global Studies will equip you with the tools to answer these questions and many more as it delves into the important issues and events that determine the state of the world today. Succinct, authoritative and thought-provoking, it covers all of the key dimensions of global studies, including broad introductions to international politics and economics, alongside focused surveys on pressing global changes such as human rights, migration

and the climate emergency. It encourages you to assess how the connections and divisions that exist between the 7.6 billion humans on earth have been shaped and influenced, and what direction they may take next. Assuming no prior knowledge of the subject, this textbook is ideal for undergraduate students worldwide who are taking introductory modules in Global and International Studies. The text can also be used by undergraduate students taking courses on Globalization.

Introduction to International Relations Oct 01 2022 This new edition has been updated in light of current events and ongoing debates and includes a new chapter on feminism, post-structuralism, and post-colonialism. It provides a highly readable introduction to the principal theories in international relations, combining original analysis with a range of learning features.

An Introduction to International Relations Aug 07 2020 A classic textbook on international relations updated to take account of recent research and the consequences of the end of the cold war. Covers both foreign policy analysis and the international environment. Introduces students to methodology and international relations and looks at the important role now played by multinational corporations and at the independences that have formed in the last two decades.

An Introduction to International Relations Jan 04 2023 Invaluable to students and those approaching the subject for the first time, An Introduction to International Relations, Second Edition provides a comprehensive and stimulating introduction to international relations, its traditions and its changing nature in an era of globalisation. Thoroughly revised and updated, it features chapters written by a range of experts from around the world. It presents a global perspective on the theories, history, developments and debates that shape this dynamic discipline and contemporary world politics. Now in full-colour and accompanied by a password-protected companion website featuring additional chapters and case studies, this is the indispensable guide to the study of international relations.

An Introduction to International Law Feb 22 2022

A Modern Introduction to International Law Mar 02 2020

A Short Introduction to International Law Jan 30 2020 An accessible introduction to the latest developments in international law in the light of its history and culture.

Introduction to International Migration Feb 10 2021 "Introduction to International Migration: Population Movements in the 21st Century engages the multiple dimensions of international migration research through a synthetic and comprehensible overview of the field, with global geographic coverage. The text provides basic knowledge for undergraduate students and serves as a springboard for graduate student research agendas. The chapter contributors are prominent women migration scholars detailing research in their respective areas of expertise"--

Introduction to Global Politics Oct 09 2020 Fully revised and updated, the second

edition of Introduction to Global Politics places an increased emphasis on the themes of continuity and change. It continues to explain global politics using an historical approach, firmly linking history with the events of today. By integrating theory and political practice at individual, state, and global levels, students are introduced to key developments in global politics, helping them make sense of major trends that are shaping our world. This is a highly illustrated textbook with informative and interactive boxed material throughout. Chapter opening timelines contextualise the material that follows, and definitions of key terms are provided in a glossary at the end of the book. Every chapter ends with student activities, cultural materials, and annotated suggestions for further reading that now include websites. Key updates for this edition: New chapter on 'The causes of war and the changing nature of violence in global politics' New chapter on 'Technology and global politics' Enhanced coverage of theory including post-positivist theories Uses 'levels of analysis' framework throughout the text New material on the financial crisis, BRIC and Iran Introduction to Global Politics continues to be essential reading for students of political science, global politics and international relations.

Development and International Relations May 16 2021 This introductory textbook examines the role of the Third World and the processes of development from the study of international politics and argues that in an increasingly globalized world development can no longer be seen as an isolated practice.

Introduction to International Politics Jul 18 2021 Introduction to International Politics is designed for students approaching this often complex subject for the first time. The book is organised around three major themes: Power, Order and Justice and is illustrated throughout with boxed inserts, diagrams and maps.

An Introduction to International Relations Dec 03 2022 Leading Australian scholars introduce a range of theories, actors, issues, institutions and processes that animate international relations today.

Introduction to International Relations Sep 27 2019 This innovative, accessible book highlights contemporary and historical insights into international relations. By looking core themes—globalization, international political economy, regionalization, the fragmentation of states, and cooperative problem solving—the authors formulate a likely pattern of future developments in the 21st century.

An Introduction to International Relations and Religion Aug 19 2021 Not so very long ago it seemed reasonable to assert that the influence of religion on global politics was on the wane. As the Western world became increasingly secular and the process of globalisation deepened, it seemed inevitable - on the surface at least - that the voice of religion was to be heard softly if it was to be heard at all. This has now changed, and changed perhaps irrevocably. As Jeff Haynes argues in this thought-provoking and important new book, various religious 'actors' are now significantly involved in

international relations and have become a crucial influence on policy in a post-Westphalian world. International Relations and Religion guides the reader through the complex issues at the heart of this topic with clarity and insight. This updated second edition starts with a close reading of the many theoretical and analytical concepts - notably Huntington and the clash of civilisations - that have grown up around this area and then concludes with a summary of the issues under discussion and attempts to put into context what it means to live in a world that is increasingly shaped by a whole host of diverse religious groups. Essential reading for students of International Relations and Politics.

An Introduction to International Relations Nov 02 2022 Invaluable to those approaching the subject for the first time, this new edition provides a comprehensive introduction to international relations.

Encounters with World Affairs Mar 26 2022 This book is designed to familiarise students with leading International Relations (IR) theories and their explanation of political events, phenomena, and processes which cross the territorial boundaries of the state. Thus, students will be exposed to the interplay between power, interest, ideas, identity, and resistance, in explaining continuity and change in international relations. Developed to provide students with the analytical tools and intellectual frameworks needed to understand the behaviour of different international actors in contemporary global affairs. This textbook responds to the challenges of a dynamic job market by assisting students to gain both thorough theoretical knowledge and training them to apply this knowledge to real world problems. In short, this textbook delivers: A comprehensive and interdisciplinary approach to the examination of national, regional and global trends in politics, economics and socio-cultural developments allowing students to understand: ϕ the practice and theory of contemporary international relations ϕ the politics, culture, history, and economies of different regions around the world ϕ the role played by international interactions, culture, and government in local, national, and global settings. Equipping students with the proficiency: ϕ to understand and interpret the dynamics, patterns, and issues of global affairs ϕ to know how to get more information about particular questions ϕ to evaluate that information independently and effectively. To these ends, the textbook provides a number of features that will appeal to students and avoids overwhelming students with chapters on topics which (in practice) are rarely on courses, while nonetheless providing a comprehensive overview of the field. Introduces students to the main debates, topics, and terms in the field and allows them to decide which they would like to focus on in their further studies.

An Introduction to International Law Aug 26 2019 National judges are a sort of propelling force behind international law to the extent that they perceive the need to realize that international solidarity which is too often lacking at the level of

governments. Hence they are the principal addressees of this book.

An Introduction to the International Criminal Court May 04 2020 The International Criminal Court ushers in a new era in the protection of human rights. The Court will prosecute genocide, crimes against humanity and war crimes when national justice systems are either unwilling or unable to do so themselves. This third revised edition considers the initial rulings by the Pre-Trial Chambers and the Appeals Chamber, and the cases it is prosecuting, namely, Democratic Republic of Congo, northern Uganda, Darfur, as well as those where it had decided not to proceed, such as Iraq. The law of the Court up to and including its ruling on a confirmation hearing, committing Chalres Lubanga for trial on child soldiers offences, is covered. It also addresses the difficulties created by US opposition, analysing the ineffectiveness of measures taken by Washington to obstruct the Court, and its increasing recognition of the inevitability of the institution.

An Introduction to International Criminal Law and Procedure Apr 02 2020 This market-leading textbook gives an authoritative account of international criminal law, and focuses on what the student needs to know - the crimes that are dealt with by international courts and tribunals as well as the procedures that police the investigation and prosecution of those crimes. The reader is guided through controversies with an accessible, yet sophisticated approach by the author team of four international lawyers, with experience both of teaching the subject, and as negotiators at the foundation of the International Criminal Court and the Rome conference. It is an invaluable introduction for all students of international criminal law and international relations, and now covers developments in the ICC, victims' rights, and alternatives to international criminal justice, as well as including extended coverage of terrorism. Short, well chosen excerpts allow students to familiarise themselves with primary material from a wide range of sources. An extensive package of online resources is also available.

*Akehurst's Modern Introduction to International Law Jan 24 2022 Peter Malanczuk has again revised and updated this best-selling student textbook. This new edition continues to provide comprehensive and authoritative coverage of all the key topics in international law, from diplomatic immunity to the United Nations. New to the eighth edition: * full updating and revision of all the chapters to include the very latest developments * a new, dedicated on-line resource centre for students and lecturers alike. Features include: sample material; relevant links; material not available in the printed version; discussion questions; and author feedback * a companion volume - Key Documents in International Law - will be available for use in conjunction with the eighth edition. Extensively cross referenced with the eighth edition, it will provide access to many of the primary treaties, conventions, protocols, agreements, and acts.*

Introduction to International Relations Mar 14 2021 How do we understand

international relations in a globalized world? This clear and concise text takes as its starting point the theoretical frameworks that are the foundation of current IR. Joyce P. Kaufman explains and contextualizes the traditional theories, highlighting both their strengths and weaknesses. Her levels-of-analysis approach provides students with the basic tools for a more inclusive understanding of international politics by not forcing them to choose between competing theories. Instead, in a refreshing alternative to most of the current introductory-level texts, the book allows readers to view the globe as a complex place of multiple actors facing multiple issues. It concludes with cases of current events that will help students apply theories to real-world issues.

*Introduction to International and Global Studies, Third Edition Jan 12 2021 Shawn C. Smallman and Kimberley Brown's popular introductory textbook for undergraduates in international and global studies is now released in a substantially revised and updated third edition. Encompassing the latest scholarship in what has become a markedly interdisciplinary endeavor and an increasingly chosen undergraduate major, the book introduces key concepts, themes, and issues and then examines each in lively chapters on essential topics, including the history of globalization; economic, political, and cultural globalization; security, energy, and development; health; agriculture and food; and the environment. Within these topics the authors explore such diverse and pressing subjects as commodity chains, labor (including present-day slavery), pandemics, human rights, and multinational corporations and the connections among them. This textbook, used successfully in both traditional and online courses, provides the newest and most crucial information needed for understanding our rapidly changing world. New to this edition: *Close to 50% new material *New illustrations, maps, and tables *New and expanded emphases on political and economic globalization and populism; health; climate change, and development *Extensively revised exercises and activities *New resume-writing exercise in careers chapter *Thoroughly revised online teacher's manual*

An Introduction to International Economics Dec 23 2021 Ideal for a one-semester course in international economics, this book is accessible to those within and outside of economics programs.

An Introduction to the Study of International Relations Dec 31 2019

International Relations Theory Jul 06 2020 This innovative textbook introduces students to the main theories in international relations. The 2nd edition includes new chapters on the 'clash of civilizations' and Empire.

World Politics Sep 19 2021 As with the first edition this introductory book sets out a framework for the consideration of international relations by identifying four essential elements in the analysis of contemporary world politics: the international arena; the international agenda; processes and power; and order, justice and change. The revised edition has been completely revised and re-designed with more features and

illustrations. The content has been thoroughly revised and updated to take into account the many changes in world politics since the first edition was published in 1990. The new edition includes more material on international political economy, conflict and conflict management, the global environment and regionalism.

An Introduction to International Organizations Law Jul 30 2022 Extensively updated, this third edition textbook clearly conveys the set-up of international organisations and the logic behind international institutional law.

The Globalization of World Politics Aug 31 2022 This title provides an introduction to international relations (IR), supporting over 300,000 students taking their first steps in IR and beyond.

The Globalization of World Politics Oct 21 2021 Now in its fifth edition, this internationally successful title has been fully revised and updated in light of recent developments in world politics. New chapters on post colonialism and post structuralism ensure The Globalization of World Politics remains the most comprehensive introduction to International Relations available.

Introduction to International Education Dec 11 2020 'This is a book for all who work in international education or want to understand more about a rapidly expanding sector. For those who are new to the field it provides an excellent introduction. To tackle such varied subjects... needed a professional of wide expertise, wisdom and clarity of composition. These Mary Hayden, with her vast experience of international education and research, provides... highly recommended' - is (International Schools Magazine) 'Essential reading for everyone involved in international education' - International Schools Worldwide 'The first thing to be said about this informative book is that it's a good read! I found myself enjoying every page as the author has a writing style that is engaging and instructive...The book has something for everyone, from those experienced in the field of international education to interested novices' - International Schools Journal Interest in the field of international education has never been more intense, and a rapidly expanding number of schools and organizations worldwide now offer curricula that claim to be international in nature. Written by an expert in the field of international education, this comprehensive guide examines the key themes of this evolving field. The book explores the various origins, definitions and classifications of international education, and considers the audiences it serves, including the students, teachers, parents and administrators. It also looks at issues including quality assurance and role of international schools in the future. This valuable book will be an excellent source of reference to academics, those engaged in postgraduate study and practising teachers.

International Relations: A Very Short Introduction Apr 14 2021 Covers topics such as foreign policy, the world economy, and globalization, showing how many disciplines come together in the study of international events. This book explains the theories

underlying the subject of International Relations and uses them to investigate issues of foreign policy, arms control, the environment, and world poverty.

International Relations: A Simple Introduction Oct 28 2019 *International Relations: A Simple Introduction offers an accessible guide to the central ideas and tools of international relations, with theory, empirical evidence, examples, and diagrams to support the analysis. Examine gains from trade theory, using the concepts of absolute efficiency, relative efficiency, opportunity cost, comparative advantage, and the terms of trade to learn why countries get involved with international trade. Explore trade liberalization, as the role of power and interdependence in states' liberalization policies is assessed with realist and liberal theories of international relations, and the case studies of India and Mexico. Apply game theory to the problem of global warming and climate change, as the challenge to see the two biggest greenhouse gas polluters the United States and China reduce emissions is represented as an assurance game, prisoners' dilemma game, and chicken game, and the prospects for a resolution evaluated. Investigate the role which cultural difference plays in international relations, as communitarian, constructivist, and cosmopolitan theories are examined, and their predictions for cultural conflict, cultural change, or cultural unity are discussed.*

An Introduction to International Institutional Law Jun 04 2020 *International institutions are powerful players on the world stage, and every student of international law requires a clear understanding of the forces that shape them. For example, with increasing global influence comes the need for internal control and accountability. This thought-provoking overview considers these and other forces that govern international institutions such as the UN, EU and WTO, and the complex relationship that exists between international organizations and their member states. Covering recent scholarly developments, such as the rise of constitutionalism and global administrative law, and analysing the impact of important cases, such as the ICJ's Genocide case (2007) and the Behrami judgment of the European Court of Human Rights (2007), its clarity of explanation and analytical approach allow students to understand and think critically about a complex subject.*

Introduction to International Business Transactions Nov 09 2020 *This innovative textbook introduces the legal concepts, regimes and actors that regulate international business transactions. The book guides readers through the major aspects of international business law using state-of-the-art teaching techniques and offers comprehensive coverage on key treaties, legal aspects of international commerce and the regulation of global trade and investment.*

Introduction to International Relations Jun 28 2022 *This textbook provides an introduction and guide to contemporary international affairs. The authors present basic concepts and theories that are useful for making sense of contemporary debates*

and challenges in international politics. They use current events and recent history to demonstrate how states and other actors interact with each other across national borders. Major topics include international cooperation, security and conflict, trade, and international law and human rights.

An Introduction to International Relations Theory Nov 21 2021 This long-awaited new edition has been fully updated and revised by the original authors as well as two new members of the author team. Based on many years of active research and teaching it takes the discipline's most difficult aspects and makes them accessible and interesting. Each chapter builds up an understanding of the different ways of looking at the world. The clarity of presentation allows students to rapidly develop a theoretical framework and to apply this knowledge widely as a way of understanding both more advanced theoretical texts and events in world politics. Suitable for first and second year undergraduates studying international relations and international relations theory.

Advanced Introduction to the Politics of International Human Rights Nov 29 2019 David P. Forsythe presents a compelling introduction to international human rights in a political context. He stresses the difficulties of interjecting human rights into foreign policy and international politics, while recognising the considerable progress that has been made over time. Focusing on international organizations, states, corporations, and private advocacy groups, Forsythe addresses key themes including war, migration, climate change, and slavery.
