Kottick presents technical information in an accessible, but entertaining, way: the forms and styles of harpsichords, advice on purchasing decisions, maintenance techniques (such as voicing, regulating, and changing strings, tongues, plectra, springs, and dampers), aids in troubleshooting common problems, and detailed instructions on tuning and temperament. As builder of some thirty keyboard instruments, Kottick is well qualified to speak on the subject. If you're building a salvage yard stroker motor, looking to make a numbers-matching engine, saving money on repurposing factory parts, or simply looking to see which parts work together, this book is a must-have addition to your library! This updated edition provides detailed interchange information on cranks, rods, pistons, cylinder heads, intake manifolds, exhaust manifolds, ignitions, carburetors, and more. Casting and serial number identification guides are included to help you through the myriad of available parts in salvage yards, at swap meets, and on the internet. Learn what parts can be combined to create various displacements, which parts match well with others, where factory parts are best, and where the aftermarket is the better alternative. Solid information on performance modifications is included where applicable. The first and second generation of small-block Chevy engines have been around for more than 60 years, and a byproduct of the design's extremely long production run is that there is a confusing array of configurations that this engine family has seen. Chevy expert Ed Staffel delivers this revised edition on everything you need to know about parts interchangeability for the small-block Chevy. Build your Chevy on a budget today! This well illustrated parts list covers the Austin-Healey 3000 Mk. 2 BJ7 commencing car number 17551, finishing car number 25314 and Austin-Healey 3000 Mk. 3 Series BJ8 commencing car number 25315 and finishing at 43026.
