*Roads to the Temple* Jul 21 2021 Leon Aron considers the "mystery of the Soviet collapse" and finds answers in the intellectual and moral self-scrutiny of glasnost that brought about a profound shift in values. Reviewing the entire output of the key glasnost outlets in 1987-1991, he elucidates and documents key themes in this national soul-searching and the "ultimate" questions that sparked moral awakening of a great nation: "Who are we? How do we live honorably? What is a dignified relationship between man and state? How do we atone for the moral breakdown of Stalinism?" Contributing both to the theory of revolutions and history of ideas, Aron presents a thorough and original narrative about new ideas' dissemination through the various media of the former Soviet Union. Aron shows how, reaching every corner of the nation, these ideas destroyed the moral foundation of the Soviet state, de-legitimized it

and made its collapse inevitable.

**Stalin Era Intellectuals** May 31 2022 This book focuses on the extent to which Soviet scholars and cultural theoreticians were able to act autonomously during the Stalin era. The authors question how we should consider certain intellectual achievements which took place despite the pressure of Stalinism, and how best to recognise and describe such achievements. The chapters in this book offer suggestions for new interpretations on Soviet philosophy of science and humanities, linguistics, philosophy, musicology, literature and mathematics from the point of view of general cultural theory. In this way, they challenge the received image of the Stalin-era humanities which reduces them into mere propaganda. Intended for scholars of Russian and Soviet studies, this book will dispel many received views about the character of Stalinism and Soviet culture. [Stalin's Ocean-going Fleet](#) Apr 29 2022 A study of the development of strategic concepts in Stalin's Navy, in the context of his foreign/defence policy, using original archival documents translated from the Russian. **The Demetrius Legend and Its Literary Treatment in the Age of the Baroque** Mar 05

2020 Analyzes the use in two baroque dramas (El Gran Duque de Moscovia y Emperador Perseguido and The Loyal Subject) of the legend of Demetrius, Ivan the Terrible's son.

*The Feminine in the Prose of Andrey Platonov* Jul 01 2022 "Andrey Platonovich Platonov (1899-1951) is increasingly regarded as one of the greatest writers of the Soviet period. His linguistic virtuosity, philosophical rigour and political unorthodoxy combined to create some of the most captivatingly absurd works of literature in any language. Unsurprisingly, many of these remained unpublished in his lifetime, and indeed for many years thereafter. In this lively and original study, Philip Bullock traces the development of feminine imagery in Platonov's prose, from the seemingly misogynist outrage of his early works to the tender reconciliation with domesticity in his final stories, and argues that gender is a crucial feature of the author's audacious utopian vision."

**The Feminine in the Prose of Andrey Platonov** May 19 2021 Andrey Platonovich Platonov (1899-1951) is increasingly regarded as one of the greatest writers of the Soviet period. His linguistic virtuosity, philosophical rigour and political unorthodoxy combined to create some of the most captivatingly absurd works of literature in any language. Unsurprisingly, many of these remained unpublished in his lifetime, and indeed for many years thereafter. In this lively and

original study, Philip Bullock traces the development of feminine imagery in Platonov's prose, from the seemingly misogynist outrage of his early works to the tender reconciliation with domesticity in his final stories, and argues that gender is a crucial feature of the author's audacious utopian vision.

This Crown Is Mine Feb 02 2020 In the early 17th century, Russia went through a foreign invasion and the nation's first civil war - a time so horrible that it acquired its own name in Russian history: "The Times of Troubles". Internal and external forces came together to create a storm of such magnitude that it threatened the very existence of the nation. The country lay in ruins and a foreign army occupied Moscow. For a while it seemed that Russia would never become an independent nation again, but the Russian people found enough strength and courage to stop the civil war and unite against foreign invaders. Two young people played a most important role in these events - a pretender to the Russian throne who called himself Tsarevich Dmitry, son of the late Russian Tsar Ivan the Terrible, and Marina Mnishek, the girl with whom he fell in love while on the run from then Russian Tsar, Boris Godunov. Dmitry invaded Russia with a small band of adventurers and defeated Godunov. He and Marina were married and crowned in the Kremlin. Two weeks after their marriage, Dmitry was killed in a riot and Marina was exiled to the far North. But she escaped,

and took part in a civil war herself. Twice she came to the walls of Moscow with an army and two different men by her side, fighting for her crown. This is a true story how a young man of uncertain ancestry and a young woman from a family of Polish nobility forced history to engrave their names into the list of Tsar's families of Russia. In their adventures, fights, travels, love stories, and turns of fate throwing them into the depths of despair and raising them to the heights of power and wealth, this couple lived more exciting lives than millions of other human beings put together.

Affective Mapping Apr 05 2020 The surprising claim of this book is that dwelling on loss is not necessarily depressing. Instead, embracing melancholy can be a road back to contact with others and can lead people to productively remap their relationship to the world around them. Flatley demonstrates that a seemingly disparate set of modernist writers and thinkers showed how aesthetic activity can give us the means to comprehend and change our relation to loss. **Proceedings of the 6th International Conference on Industrial Engineering (ICIE 2020)** Nov 12 2020 This book highlights recent findings in industrial, manufacturing and mechanical engineering, and provides an overview of the state of the art in these fields, mainly in Russia and Eastern Europe. A broad range of topics and issues in modern engineering are discussed, including the dynamics of

machines and working processes, friction, wear and lubrication in machines, surface transport and technological machines, manufacturing engineering of industrial facilities, materials engineering, metallurgy, control systems and their industrial applications, industrial mechatronics, automation and robotics. The book gathers selected papers presented at the 6th International Conference on Industrial Engineering (ICIE), held in Sochi, Russia in May 2020. The authors are experts in various fields of engineering, and all papers have been carefully reviewed. Given its scope, the book will be of interest to a wide readership, including mechanical and production engineers, lecturers in engineering disciplines, and engineering graduates.

*The Oxford Handbook of Russian Religious Thought* Nov 24 2021 The Oxford Handbook of Russian Religious Thought is an authoritative new reference and interpretive volume detailing the origins, development, and influence of one of the richest aspects of Russian cultural and intellectual life - its religious ideas. After setting the historical background and context, the Handbook follows the leading figures and movements in modern Russian religious thought through a period of immense historical upheavals, including seventy years of officially atheist communist rule and the growth of an exiled diaspora with, e.g., its journal *The Way*. Therefore the shape of Russian religious

thought cannot be separated from long-running debates with nihilism and atheism. Important thinkers such as Losev and Bakhtin had to guard their words in an environment of religious persecution, whilst some views were shaped by prison experiences. Before the Soviet period, Russian national identity was closely linked with religion - linkages which again are being forged in the new Russia. Relevant in this connection are complex relationships with Judaism. In addition to religious thinkers such as Philaret, Chaadaev, Khomiakov, Kireevsky, Soloviev, Florensky, Bulgakov, Berdyaev, Shestov, Frank, Karsavin, and Alexander Men, the Handbook also looks at the role of religion in aesthetics, music, poetry, art, film, and the novelists Dostoevsky and Tolstoy. Ideas, institutions, and movements discussed include the Church academies, Slavophilism and Westernism, theosis, the name-glorifying (imiaslavie) controversy, the God-seekers and God-builders, Russian religious idealism and liberalism, and the Neopatristic school. Occultism is considered, as is the role of tradition and the influence of Russian religious thought in the West.

[A Companion to Russian History](#) Apr 17 2021 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day. Includes essays by both prominent and emerging

scholars from Russia, Great Britain, the US, and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs, through the Yeltsin Era, and future prospects for post-Soviet Russia Offers an extensive review of the medieval period, religion, culture, and the experiences of ordinary people Offers a balanced review of both traditional and cutting-edge topics, demonstrating the range and dynamism of the field

### **A Global Encyclopedia of Historical Writing, Volume 2**

Aug 22 2021 First published in 1998. Including a wide range of information and recommended for academic libraries, this encyclopedia covers historiography and historians from around the world and will be a useful reference to students, researchers, scholars, librarians and the general public who are interested in the writing of history. Volume II covers entries from K to Z. *The Foundation Pit* Jan 15 2021 Translated from the Russian by Robert & Elizabeth Chandler and Olga Meerson With notes and an afterword by Robert Chandler and Olga Meerson In *Andrey Platonov's The Foundation Pit*, a team of workers has been given the job of digging the foundation of an immense edifice, a palatial home for the perfect future that, they are convinced, is at hand. But the harder the team works, the deeper they dig, the more things go wrong, and it becomes clear that what is being dug is not a foundation but an immense grave. The

Foundation Pit is Platonov's most overtly political book, written in direct response to the staggering brutalities of Stalin's collectivization of Russian agriculture. It is also a literary masterpiece. Seeking to evoke unspeakable realities, Platonov deforms and transforms language in pages that echo both with the alienating doublespeak of power and the stark simplicity of prayer. This English translation is the first and only one to be based on the definitive edition published by Pushkin House in Moscow. It includes extensive notes and, in an appendix, several striking passages deleted by Platonov. Robert Chandler and Olga Meerson's afterword discusses the historical context and style of Platonov's most haunted and troubling work.

**Essays in Poetics** Dec 02 2019

**Happy Moscow** Dec 26 2021  
TRANSLATED AND WITH AN INTRODUCTION BY ROBERT CHANDLER  
Moscow in the 1930s is a symbol of Soviet paradise; a fairy-tale capital where, in Stalin's words, 'life has become better, life has become merrier'. Beautiful, passionate, Moscow Chestnova bears her captial's name, and seeks the happiness it promises. She flits from man to man, fascinated by the brave new world supposedly taking shape around her, on a quest for the better life. This anarchic satire is accompanied by related works - short stories, an essay and a screenplay - and through Robert Chandler's acclaimed new translations Platonov's extraordinary prose

and original vision can at last be experienced in full.  
Soul Dec 06 2022 "This volume gathers eight works that show Platonov at his tenderest, warmest, and subtlest. Among them are "The Return," about an officer's difficult homecoming at the end of World War II; "The River Potudan," an account of a troubled marriage; and the title novella, the tale of a young man unexpectedly transformed by his return to his Asian birthplace, where he finds his people deprived not only of food and dwelling, but of memory and speech."--BOOK JACKET.

Interpreting Chekhov Jun 07 2020 The author's contention is that Chekhov's plays have often been misinterpreted by scholars and directors, particularly through their failure to adequately balance the comic and tragic elements inherent in these works. Through a close examination of the form and content of Chekhov's dramas, the author shows how deeply pessimistic or overly optimistic interpretations fail to sufficiently account for the rich complexity and ambiguity of these plays. The author suggests that, by accepting that Chekhov's plays are synthetic tragi-comedies which juxtapose potentially tragic sub-texts with essentially comic texts, critics and directors are more likely to produce richer and more deeply satisfying interpretations of these works. Besides being of general interest to any reader interested in understanding Chekhov's work, the book is

intended to be of particular interest to students of Drama and Theatre Studies and to potential directors of these subtle plays.

Or: True word: For if we are dead with Him, Then we will live with Him; If we endure Then we will reign with Him; If we renounce Then He will also deny us.

*The Foundation Pit* Feb 25 2022 A 1930s novel on a disillusioned Russian Communist. He analyzes the manner in which people rationalize their membership in the Communist party, turning a blind eye to its excesses.

*K.S. Aksakov, A Study in Ideas, Vol. III* Aug 29 2019 In this study the author singles out the ideas of K. S. Aksakov (1817-1860), philologist, poet, historian, and sometime

dramatist, and places them in the broader current of nineteenth century Slavophilism. Originally published in 1982. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

#### **University Jubilees and University History Writing**

Aug 10 2020 Through various case studies, this book shows the continuity of the close relationship between jubilees and university historiography and the impact of this interaction on the jubilee publications and academic heritage. Yet it also goes beyond the jubilee by presenting three other ways of writing university history.

#### **Russian Journal of Organic Chemistry** Jul 09 2020

**The Ways of Russian Theology - Part II** Aug 02 2022 How to bring the life and activities of theological students to the Church? They should arouse religious and theological independence in them ... Now, let the guardians of the church, instead of scolding the academy, its professors and students,

instead of intensely searching for heresies in their writings and misconduct in their behavior, indicate ways to introduce this condition ... But life is not studied in a theological school! On the contrary, young people, already separated from their estates by life, are even more clogged from it by seminary pedagogy. Naturally, it's not life's fighters, zealots of truth, but dry theorists, artificially raised resonators who will leave the school: should they be given the message of life, heal the brokenhearted, release the tormented to freedom! "(Rev. Anthony Khrapovitsky) ... True, these words were spoken a little later, in 1896, but they could have been spoken earlier ... Here, pastoral jealousy is sharply confronted and diverges from official and official unbelief ... Since the mid-80s, this pastoral awakening, the renewal of the pastoral ideal has already been very noticeable ... This was most evident in the St. Petersburg Academy when Yanyshv was replaced as rector by Arseniy Bryantsev, vposl. Archbishop of Kharkov. The Academy Inspector was transferred from Kazan, then still Archimandrite, Anthony Vadkovsky (1846-1912), afterwards. Metropolitan of St. Petersburg. He was a man of great cordial sympathy and benevolence. Around him there is a circle of zealots of a monastic feat, the so-called. "Squad." After a twenty-year hiatus, tonsure again begins in the student community. The ascetic ideal at the same time internally merges with the

pastoral vocation, this was a new feature.

### **Trees in Literatures and the Arts**

Jun 19 2021 This edited collection examines the ecological and cultural dynamics of humanarboreal kinship in environmental literature and art.

### **The Later Solov'ëv**

Oct 31 2019 This volume offers a critical examination of the later philosophical views of Vladimir Solov'ëv, arguably Russia's most famous and most systematic philosopher. It offers a philosophically informed approach to this pivotal figure and to his era. Inside, readers will discover a detailed portrait of the often overlooked evolution of the philosopher's views during the final two decades of his life. The author explores Solov'ëv's still evolving aesthetic philosophy and his entry into the lively Russian discussion of free will. The work then turns to the philosopher's mature statements on many figures from within the history of philosophy. This includes Kant and Hegel. Next, readers will learn about his disagreements with several contemporaries as well as contemporaneous movements. These include positivism and materialism. In addition, the coverage includes an elucidation and examination of Solov'ëv's final expression of his ethical philosophy as set forth in his major ethical treatise *Justification of the Moral Good*. The overall picture that emerges is of a much more vibrant and heated philosophical community than typically portrayed in Western secondary literature. The book

ends with a reflection on the rise of Solov'ëv as a religious mystic at the expense of a critical evaluation of his thought.

### *The Routledge Handbook of the Mongols and Central-Eastern Europe*

Jan 03 2020 The Routledge Handbook of the Mongols and Central-Eastern Europe offers a comprehensive overview of the Mongols' military, political, socio-economic and cultural relations with Central and Eastern European nations between the thirteenth and fifteenth centuries. The Mongol Empire was the largest contiguous land empire in history, and one which contributed to the establishment of political, commercial and cultural contacts between all Eurasian regions. The Golden Horde, founded in Eastern Europe by Chinggis Khan's grandson, Batu, in the thirteenth century, was the dominant power in the region. For two hundred years, all of the countries and peoples of Central and Eastern Europe had to reckon with a powerful centralized state with enormous military potential. Some chose to submit to the Mongols whilst others defended their independence, but none could avoid the influence of this powerful empire. In this book, twenty-five chapters examine this crucial period in Central-Eastern European history, including trade, confrontation, and cultural and religious exchange between the Mongols and their neighbours. This book will be an essential reference for scholars and students of the Mongols, as well those

interested in the political, social and economic history of medieval Central-Eastern Europe.

### **Muscovy and the Mongols**

Feb 13 2021 A 1998 study of the impact of the Mongols on the Rus lands using a broad and extensive source base.

### **Russian Literature, Modernism and the Visual Arts**

Sep 03 2022 This book, first published in 2000, gives an account of the interplay between literary and visual culture in the Russian modernist era.

### *The Russian Revolution: The agony of the Provisional Government*

Mar 17 2021 Stalin's Ocean-going Fleet Mar 29 2022 The book describes in detail the discussions about the naval strategy and the shipbuilding programs in the Soviet political and military leadership from 1922 to the death of Stalin in 1953.

### *Historiography of Imperial Russia: The Profession and Writing of History in a*

*Multinational State* Oct 04 2022 This collection of the best new and recent work on historical consciousness and practice in late Imperial Russia assembles the building blocks for a fundamental reconceptualization of Russian history and history writing.

### The Cambridge Companion to Chekhov

Jan 27 2022 This volume of specially commissioned essays explores the world of Anton Chekhov - one of the most important dramatists in the repertoire - and the creation, performance and interpretation of his works. The Companion, first published in 2000, begins with an

examination of Chekhov's life, his Russia, and the original productions of his plays at the Moscow Art Theatre. Later film versions and adaptations of Chekhov's works are analysed, with valuable insights also offered on acting Chekhov, by Ian McKellen, and directing Chekhov, by Trevor Nunn and Leonid Heifetz. The volume also provides essays on 'special topics' such as Chekhov as writer, Chekhov and women, and the Chekhov comedies and stories. Key plays, such as *The Cherry Orchard* and *The Seagull*, receive dedicated chapters while lesser-known works and genres are also brought to light. The volume concludes with appendices of primary sources, lists of works, and a select bibliography.

*Index to IEEE Publications* May 07 2020 Issues for 1973- cover the entire IEEE technical literature.

**The Book of Involutions** Oct 12 2020 This monograph is an exposition of the theory of central simple algebras with involution, in relation to linear algebraic groups. It provides the algebra-theoretic foundations for much of the recent work on linear algebraic groups over arbitrary fields. Involutions are viewed as twisted forms of (hermitian) quadrics, leading to new developments on the model of

the algebraic theory of quadratic forms. In addition to classical groups, phenomena related to triality are also discussed, as well as groups of type  $F_4$  or  $G_2$  arising from exceptional Jordan or composition algebras. Several results and notions appear here for the first time, notably the discriminant algebra of an algebra with unitary involution and the algebra-theoretic counterpart to linear groups of type  $D_4$ . This volume also contains a Bibliography and Index. Features: original material not in print elsewhere a comprehensive discussion of algebra-theoretic and group-theoretic aspects extensive notes that give historical perspective and a survey on the literature rational methods that allow possible generalization to more general base rings

**Andrey Platonov** Sep 10 2020 This book presents an existentialist reading of Andrey Platonov's perspective on the 1917 Russian Revolution. It brings the works of Platonov into a dialogue with the philosophy of Martin Heidegger, Maurice Blanchot, Georges Bataille, and Jean-Luc Nancy on issues of communality, groundlessness, memory, and interiority.

*The Tsars* Sep 22 2021

[Anton Chekhov at the Moscow](#)

[Art Theatre](#) Oct 24 2021

Moscow Art Theatre is recognized as having more impact on modern theatre, than any other company. This facsimile edition of a Russian journal documents, photographically, the premieres of all of Anton Chekhov's plays produced by the MAT.

**The Foundation Pit** Nov 05 2022 Written at the height of Stalin's first "five-year plan" for the industrialization of Soviet Russia and the parallel campaign to collectivize Soviet agriculture, Andrei Platonov's *The Foundation Pit* registers a dissonant mixture of utopian longings and despair. Furthermore, it provides essential background to Platonov's parody of the mainstream Soviet "production" novel, which is widely recognized as one of the masterpieces of twentieth-century Russian prose. In addition to an overview of the work's key themes, it discusses their place within Platonov's oeuvre as a whole, his troubled relations with literary officialdom, the work's ideological and political background, and key critical responses since the work's first publication in the West in 1973.
